

Vero Enterprise Commercial Motor Insurance

With origins dating back to 1833, Vero has a strong history of providing insurance to Australians. While a lot has changed since then, our commitment to brokers and our expertise in commercial insurance hasn't.

Vero Commercial Motor

Our Commercial Motor team is dedicated to sharing their expertise in order to help you meet the insurance needs of your clients.

And we are flexible in the way we do things because we understand that no two brokers, and no two clients are alike. Which is why we insure any number of vehicles, and why we design our products to suit the size of a fleet.

More than just a product

Our expertise in commercial motor insurance isn't just evidenced by our products; our sophisticated E2 system offers efficiency for your business. Our tool enables you to quote, bind, endorse, manage renewals and generate documentation for your clients all in one place. And for unique business, our highly experienced team of underwriters are on hand to offer their expertise. It's just one of the ways we work pro-actively with brokers to bring your clients more than just a product.

What you'd expect from a specialist insurer

Our products are designed to get your clients vehicles back on the road as quickly as possible.

We achieve this through the provision of a 24/7 paperless claims lodgement service, and a choice of Repair Link centres that utilise S.M.A.R.T (Small to Medium Accident Repair Technology) to deliver high-quality repairs in one-third of the time of traditional repairers.

We guarantee repairs for life, however the approval process often takes less than 24 hours. And if your client happens to be at fault, we will oversee the management of third party repairs wherever possible.

What do you need to know about our Enterprise Commercial Motor Insurance?

The Enterprise Commercial Insurance policy offers comprehensive protection, without the hidden policy terms and conditions.

It provides stand-alone cover or can be included in our Vero Enterprise Business Insurance policy, and it covers less than 15 commercial vehicles including sedans and light commercials, vans, 4wds, forklifts and commercial trailers.

If your client has 15 or more commercial vehicles, ask us about the Vero Motor Fleet Policy.
