

Features and benefits of VeroEdge Packages

Feature	Benefit
Headline features	
Smart occupation search As you key in an occupation, options and descriptions will appear to help you make the right selection. When you select an occupation you will be provided with any decline notifications and 'included' and 'excluded' business activities where it may not be clear.	Easier to select the right business descriptions and occupations Faster quotes
Electronic certificates of currency (CoCs) Available for the policy and for individual covers, including future dated CoCs. Available through the print option in your BMS or via the VeroEdge Documents page: just click Request documents .	Easy access to CoCs, future dating
Broker referrals All messages sent and received in VeroEdge will be captured and recorded for easy tracking and reference on the Referral messages page. Brokers only need to enter contact details once, the system will remember you.	Record of discussion with underwriter

Feature	Benefit
Improvements from E2	
Address search Automated address search as you key in details.	Faster quotes, fewer errors
New Navigation menu Header bar and Previous and Next buttons on all screens keep you informed of where you are in the process and allow you to navigate to where you want quickly. You can navigate using either the Navigation bar or the Previous and Next buttons.	Easier navigation
Calculate button Click the Calculate button to obtain the premium as you go so you can stay informed.	Check premium as you construct a quote
Simpler acceptance rules Streamlined and simplified special acceptance questions and refined rules that trigger referrals.	Fewer referrals
Attachments It's now easy to add documents to the policy using the Documents – Attachments section.	More convenient quote process
Duty of disclosure questions These are not required at quote stage; they can be answered at bind stage.	Faster quotes
Electronic documents All documents can be retrieved from VeroEdge in electronic form when you need them: schedules (quote, new business, renewal) and covering letters including both current and historic.	Comprehensive document retrieval
