

In the business of advancing resilience

» RM Advancer® Awards 2026

Nominate a business driving risk improvement

The RM Advancer Awards recognise Australian businesses that are strengthening safety, reducing risk and building resilience. Whether you're a broker supporting clients or a business leading your own risk initiatives, this is your opportunity to showcase progress, highlight achievements and gain industry recognition. Brokers can nominate their clients to spotlight the outcomes they've helped deliver, and businesses can also nominate themselves.

Why nominate a business?

- **Greater visibility and credibility** for the business and broker
- **Industry recognition** for winners and finalists to celebrate the achievement
- **Acknowledgement of meaningful safety and risk reduction improvements**
- **Strengthened partnerships** by showcasing the value of risk management and the role of trusted advisers

Awards categories

There are three award categories. You may enter one or more, depending on relevance. Current Vero or GIO Workers Compensation clients are eligible to enter, including public & private companies, not-for-profit organisations and government entities. Entries may be submitted by a broker on behalf of a client, or directly by the business.

Best Continuous Improvement

Recognises organisations that demonstrate a sustained and measurable commitment to improving risk management practices over time. It celebrates continuous progress, through embedding learning and strengthening controls.

Excellence in Risk Prevention

Recognises outstanding risk prevention initiatives that proactively reduce the likelihood of incidents, injuries and/or loss events. It celebrates innovative thinking and practical controls, that demonstrate how risks are identified, mitigated, and prevented before they occur.

Outstanding Risk Recovery Solution

Recognises organisations' exceptional capability in responding to and recovering from a risk event. Highlighting effective incident management, recovery planning, mitigation measures, early intervention strategies, return to work and/or business continuity outcomes, that minimised disruption, and strengthened organisational resilience.

Key dates

- Nominations close: 18th September 2026
- Finalists announced: 1st October 2026
- Winners announced: 12th November 2026 (ceremony at The Lands by Capella, Sydney)

Nomination process

1. Scan the QR code to download the short entry form and review the terms conditions
2. Connect with your client to confirm their participation and complete the form together
3. Email the form and any supporting documents to: RMAvancer@vero.com.au before the closing date.
